PREFACE

First, let's talk about honorifics!

If you have been reading mangas for quite some time now, you may be familiar with the terms *Onee-chan(-san/-sama)*, *Oni-chan(-san/-sama)* or their variants *Nee-san/Nee-san* (just omitting the 'O'), the slang *Aneko & Aneko*, or the archaic *Aneue & Aneue*, however they are called they all address older siblings or someone older who is close to the speaker. These two are the most prevalent honorifics found in manga scintations and they are often used to show respect and establish the status of certain characters. Since the English language does not have specific equivalent words, we will be using these words (*Nee-chan & Oni-chan*) a LOT in this manga, since it's about big sisters/brothers and little sisters.

TL Notes:

Yamato Sakura, an alcohol guy who spends his time in his room talking to his collection of little sister hug pillows refers to his deceased older sister 'Nee-chan', but he sometimes call her 'Ane' which is the singular kareji for big sister.

Glossary

Nee-chan = term used to address an older sister, big sister

Oni-chan = term used to address an older brother, big brother

Imouto = means younger sister, a little sister

AFS NOTICE:

In order to maintain the AFS translation code we have reverted some words from the English translation done by PROcess to its Japanese original, naming the words, *Oni-chan*, *Nee-chan* & *Onii-chan*.

COMMENTS:

The title of this manga is a pun, or word play similar to 'To LoveRu' which is read as 'Trouble' in Japanese. The manga title 'Imouto LovelRu' mixes the word 'Trouble' (spelled in Japanese) and 'Little Sister' together they mean, little sister trouble. It works pretty well in Japanese, but it sounds weird when romanized. If you enjoyed this release don't forget to leave us your comments in our forums at <http://www.angryfox.com/forums/>! Let us meet again on Thursday, November 11th from 10:00-11:00 PM.
